

**REMARKS**

Claim 21 has been amended to include the limitation of claims 24, which was indicated as being allowable.

Claim 28 has been amended to include the limitation of claim 30, which (like claim 33) was also indicated by the Examiner as being allowable. The limitation of intervening claim 29 has not been included, since the shape of the buoyant body (claims 29 and 31) does not appear necessary to define over the references cited by the Examiner. That is, neither Walter nor WO 99/54863 discloses a projection screen arranged inside a buoyant body, with the buoyant body being transparent over the projection screen.

The claims as amended being patentable over the art of record, withdrawal of the rejection and early allowance are solicited.

If any objections remain, a call to the undersigned is requested.

It is believed that no fees or charges are required at this time in connection with the present application. However, if any fees or charges are required at this time, they may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

Respectfully submitted,
